TECHNICAL SKILLS

Frontend

- TypeScript
- React.js
- JavaScript
- HTML
- CSS
- Bootstrap
- Material UI
- Tailwind CSS
- Responsive Design
- REST APIs

Backend & Programming

- Python
- Node.js
- SQL

Cloud & DevOps

- AWS (ECS, Lambda, Athena, S3, Step Functions, CloudWatch, DynamoDB)
- Docker
- Git/GitHub

Databases & Tools

- MongoDB
- Firebase
- Figma

IT COURSE INSTRUCTOR

Active Media Industries – December
IT Program

December 2022 & December 2023

- Taught IT fundamentals and practical web development concepts
- Delivered lessons on HTML, CSS, JavaScript, and React.js
- Guided students through hands-on projects and real-world applications
- Mentored learners on development best practices and problem-solving approaches

PROFESSIONAL SUMMARY

Software Developer with experience building responsive web applications, automation systems, and cloud-based solutions using React.js, Python, SQL, and AWS. Experienced in developing production-ready applications, automating reporting workflows, and working with scalable cloud infrastructure.

Strong interest in data engineering, AI-ready systems, and automation.

Passionate about continuous learning and building systems that improve efficiency and solve real-world problems.

EXPERIENCE

SOFTWARE DEVELOPER

Rapidtrade | 2024 – Present

- Build responsive, production-ready web applications using React.js
- Design and execute containerized batch jobs using Docker, AWS ECS, Python, and SQL
- Develop Python and SQL reporting systems for daily, weekly, and monthly sales reporting for clients including Sasko and The Beverage Company
- Automate infrastructure and batch processes to improve operational efficiency and reduce costs
- Developed automation pipelines and data-processing scripts using Python and SQL to streamline operational reporting workflows.
- Built and maintained cloud-integrated workflows using AWS ECS, Lambda, Athena, S3, Step Functions, and CloudWatch.

SOFTWARE DEVELOPER

Active Media Industries | 2022 – 2023

- Developed and maintained web applications using JavaScript, HTML, CSS, and React.js
- Built responsive landing pages and reusable UI components
- Worked in Agile cross-functional teams
- Led and mentored interns, guiding them through development tasks and programming fundamentals
- Assisted in teaching the company IT course alongside a team of colleagues
- Contributed to the development of the Active Foundation and Active Media platforms using React.js
- Managed and guided interns through hands-on development projects and live client work

EDUCATION

SECONDARY SCHOOL

- National Senior Certificate
- The Hill High School | 2015 – 2019
- Harvard University
- CS50 Computer Science

CERTIFICATIONS

- AWS Certified Cloud Practitioner
- Harvard University CS50 Computer Science Certificate
- JavaScript
- React.js
- Python
- Golang
- Responsive Web Design
- CSS
- Node.js

JUNIOR DEVELOPER (INTERN)

- Assisted in frontend, web development
- Supported debugging, testing, and database integration
- Contributed to feature implementation and system maintenance
- Gained hands-on experience across the software development lifecycle (SDLC)

SOFT SKILLS

- Leadership
- Mentorship
- Analytical Thinking
- Problem Solving
- Strong Communication
- Team Collaboration
- Strategic Thinking
- Adaptability
