EDUCATION

National Senior Certificate

The Hill High School

2015 – 2019

WORK EXPERIENCE

Software Developer

Rapidtrade

2024 - Present

- Build responsive, production, ready web applications using React.js
- Design and execute containerized batch jobs using Docker and AWS ECS, SQL, and Python
- Develop Python and SQL reporting systems for daily, weekly, and monthly sales reporting for Sasko and The Beverage Company.
- Automate infrastructure and batch processes to reduce operational costs
- Create Python scripts for data extraction, transformation, filtering, po and automation
- Work extensively with AWS services

Software Developer

Active Media Industries

2022 - 2023

- Developed and maintained web applications using JavaScript, HTML, CSS, React.js
- Built responsive landing pages and reusable UI components
- Worked in Agile, cross-functional teams
- Led and mentored a group of interns, guiding them in development tasks and programming fundamentals
- Taught the IT course twice with a team of 3 other colleagues
- Contributed to the development of the Active Foundation and Active Media websites using React.js
- Managed and guided 3 interns through hands-on development projects and live client work, ensuring quality delivery and skill development

Junior Developer (Intern)

Active Media Industries

2021 - 2022

- Assisted in frontend and backend web development
- Supported debugging, testing, and database integration
- Contributed to feature implementation and system maintenance
- Gained hands-on experience across the software development lifecycle

TEACHING & LEADERSHIP EXPERIENCE

IT Course Instructor

Active Media Industries – December IT Program

December 2022 & December 2023

- Taught IT fundamentals and practical web development concepts
- Delivered structured lessons on HTML, CSS, JavaScript, and React.js
- Guided students through hands-on projects and real-world applications

RELEVANT SKILLS

- React.js
- Github
- Javascript
- HTML
- CSS
- Node.js
- Python
- SQL
- MongoDB
- Firebase
- Docker
- Git
- Figma
- AWS (ECS, Lambda, S3, Batch, Step Functions, DynamoDB, Athena, CloudWatch, SWF, Secret Manager, Amazon Bedrock)

Expanding Knowledge

- Data Engineering Automation
- AI-Ready Data Pipelines
- Advanced Cloud Architecture

SOFT SKILLS

- Leadership
- Mentorship
- Analytical Thinking
- Problem Solving
- Strong Communication
- Team Collaboration
- Strategic Thinking
- Adaptability

CAREER DIRECTION

- Current Focus: Software Development
- Growing Into: Data Engineering & Automation
- Long-Term Goal: AI & Machine Learning Systems
- Principle: Always follow the flow of data
